

SPAS COMPUTERS PVT LTD

Company Profile

E-waste Recycling & IT Asset Management Company

OVERVIEW

Spas Computers Pvt Ltd was set up in 2010 to tackle the growing problem of e-waste in India, whilst striving to maintain our environmental management standards as set by CPCB.

Our team comprises of professional IT remarketing and e-waste disposal technicians who are experts at secure e-waste solutions including data deletion, IT asset management, and disposal services, in an environmentally sustainable manner.

Our focus on excellence and integrity naturally extends to our workforce as well as to our customers. We have a policy of no compromise on quality safety and training.

Passionate about recycling and the environment, Spas Computers Pvt Ltd is committed to helping commercial businesses and local authorities to meet their obligations to reduce waste.

We have many years' experience in the recycling of e-waste. This experience enables us to offer our customers the best solutions for their plastic waste and providing full e-waste management services. It also enables us to find suitable destinations for the recycled e-waste.

OUR VISION

Our vision is to be the premier e-waste management service provider in India. We offer the one stop waste problems services in e-waste collection, transportation, recycling, and disposal of e-waste materials. Our services result in cleaner local environments, better living conditions, healthier communities, and sustainable business models.

OUR MISSION

Our mission is to proactively anticipate the increasing demand for assistance in the field of e-waste management, comply with SPCB and CPCB laws and do business in an environmentally friendly manner within an integrated E-waste management framework. To maintain a steady but profitable growth based on our core values by providing value for money to the clients and communities that we serve through our people.

OUR VALUES

Spas Computers Pvt Ltd a set of comprehensive and high-quality products and services across multi-disciplinary contexts based on our principles and nationally accepted best practices, adaptability to clients' needs and sustainability to all our activities.

QUALITY POLICIES

Spas Computers Pvt Ltd has implemented a Quality and an Environmental Management System and has been certified according to ISO 9001:2015, OHSAS 1800:2007 & ISO 1400:2015 by an Independent Certification Body and authorized by MPCB & CPCB thus, offers key principles for the protection of the environment and demonstrates an exemplary environmental performance.

WHY CHOOSE US

OBJECTIVES OF BUSINESS

One of our main objectives is to contribute to a clean and healthy environment using an integrated approach to e-waste management and our vision is to become the preferred e-waste management company for the region and to develop a global brand that will partner with our stakeholders and communities to manage & reduce waste from collection to disposal while recovering valuable resources and creating clean, renewable energy.

- ✓ To carry on the business of e-waste disposal services and other waste management for commercial and Industrial.
- ✓ To carry on the business to recycle and reduce the waste.

INTEGRITY

- ✓ We conduct our business activities in an open, transparent manner and engage stakeholders and the public in the development of policies and regulations.
- ✓ We provide the highest degree of administrative and fiscal responsibility.
- ✓ We act in an ethical, honest, and professional manner.
- ✓ We lead by example.
- ✓ We set realistic goals and achieve them.
- ✓ We value proactive communication with and are accountable to each other and our stakeholders.
- ✓ We do not hesitate when needing to take steps to ensure compliance with statutory and regulatory requirements.

LEADERSHIP

- ✓ We are at the forefront of developing and implementing new strategies to protect our natural resources.
- ✓ We make insightful recommendations that promote positive change.
- ✓ We value innovative policies and practices that promote sustainable communities.
- ✓ We use web-based technology to achieve maximum outreach in an efficient manner.
- ✓ We explore new techniques to address the waste and material streams.

OUR CORE BUSINESS

Every day of the week our personnel perform the following main tasks in a professional and responsible manner:

- ✓ E-waste Management
- ✓ E-waste Recycling
- ✓ Data Destruction
- ✓ IT Asset Recovery
- ✓ IT Asset Disposition
- ✓ Advising our clients on e-waste management and environmental issues.

Spas Computers Pvt Ltd also offers advice on all aspects of waste management and offers a wide variety of tailor-made products and services. Our ultimate goal is to assist the customer in keeping our environment clean, which in turn helps Spas Computers Pvt Ltd accomplish its mission.

MARKET LEADING BRAND

The market does not have a leading e-waste brand, especially not at the global level. Our brand is unique and is promoted aggressively and globally to attain maximum awareness aligned with the highest compliance standards in the world (including those of the WEEE directive). Our commitment is to achieve and continuously enhance the best brand in the industry.

PAN INDIA REACH

Spas Computers Pvt Ltd recognizes that e-waste is a global problem that requires a global solution. We are therefore committed to developing and managing a Pan India presence, with primary focus on the Growing Markets in India. Spas Computers Pvt Ltd now has a presence in the Mumbai, Delhi, Bangalore, Baroda, and Uttar Pradesh also we have 14 collection centers across India.

INNOVATIVE TECHNOLOGY

We are committed to developing and deploying a portfolio of innovative engineering and technologies that can extract maximum value from end-of -life assets while minimizing environmental impact. This includes software solutions as well as high-end separation, enrichment, and processing technologies applied to component materials and output streams such as plastics, precious metals, glass, carbon, and bio-materials.

OUR 5 POLES OF RECYCLING

- ✓ For the first 3 years, your electronic assets have some remarket value, but remember that each month that passes, it depreciates even more.
- ✓ By allowing the devices to depreciate past 3 years, starts costing the company storage space. You are giving up space for old redundant electronics instead of things that are cost improving.
- ✓ All of those devices have important data on and keeping it opens the door to people getting access to valuable company information.
- ✓ A lot could happen to the storage area: flood, fire, theft, accident. These will effectively minimize the resell value should something happen whilst in storage.
- ✓ If you've been storing these devices because you don't know what to do with them, then contact Spas Computers Pvt Ltd.

We are extremer's in the IT recycling business, by offering a free collection for ANY AND ALL electronic devices, may it be obsolete/repairable/ depreciated and or unwanted. We thrive on the RRRR cycle and will go the extra mile to assist in keeping our environment clean. REDUCE, REUSE, RESTORE, RESELL, RECYCLE.

STANDARD LEVEL OF AGREEMENT

- ✓ Spas Computers Pvt Ltd will collect goods for refurbishing, recycling and destruction, nationwide.
- ✓ Collections within India will be provided free of charge to client.
- ✓ We guarantee that all goods collected are processed and recycled according to SPCB & CPCB laws and that Spas Computers Pvt Ltd is authorized by Maharashtra Pollution control board.
- ✓ Spas Computers Pvt Ltd will do a e-waste audit of the items collected if required from the client on site and serial numbers of items will be recorded.
- ✓ All recycling certificate and reports required will be issued within 7 working days after collection.
- ✓ We will be bound by our confidentiality obligation, towards our client's needs.
- ✓ Our collections are usually laptops within 24-72 hours of initial contact. The only criteria is to have 10 or more items consisting of desktop PCs, laptops, monitors, servers and printers. If you have less than 10 items, please get in touch and we will do our best to help you. Avail our computer recycling services for old computers and IT equipments.

CSR INITIATIVE

Raising awareness amongst society and citizens is vital to be able to protect, preserve and understand our natural environment. One of Spas Computers Pvt Ltd plans of actions in terms of social commitment is to install values and the importance of recycling in peoples' daily life. It's a question of attitude. It is simply a gesture and a fact that separate a right and wrong action.

Educating the general public, governments, and businesses more about the recyclable materials and use recyclable materials as much as possible; More materials will be recycled or reused, and less non-recyclable material being produced. Ultimately less carbon footprint is being produced, making our world more sustainable.

We actively participate in the process of disseminating and distributing good practices in the world of recycling by organizing talks, workshops and visits to our plants. Likewise, we sponsor activities that are based on promoting healthy lifestyles with respect to the environment.

OUR STRENGTH

- ✓Dedicated Employees
- ✓Customer Oriented Organization
- ✓Commitment from Management
- ✓Financially Stable

PROFESSIONAL MANAGEMENT

We offer our expertise in professional management practices and modern systems to our expanding affiliate network. The e-waste industry is highly fragmented with need for high level management. Simultaneously, compliance and certification across all platforms are critical issues as national and international regulations expand and become enforced.

We follow an open door policy and take pride in our people, our controlled recycling processes and what we have achieved in a sustainable way to protect our environment. Be assured of the Spas Computers Pvt Ltd commitment to be a world class electrical and electronic equipment recycler in India.

You too can be a part of it. Please proceed to look around for e-Waste & we look forward to working with you. The only request we have for you as a responsible Electronic & Computer user, is to make the contact & we'll do the rest.

Please contact us with full information, as we can accommodate your recycling needs.
